

The John Townson “Moving On” Leadership Awards. Mr. John Townson has graciously come forward from the community to offer Pacific Secondary Students, a bursary award (that means money, kids!) as an acknowledgement of the community service and personal dedication that Pacific students have made for themselves and their community. Mr. Townson presents this award to students as a way of giving back to an organization that mentors youth and as a motivator and recognition for youth that strive for something better in their own lives and for the West Shore communities. Please check out the award criteria and application process under Awards in the side navigation bar. Thank you, Mr. Townson for your generous contribution to the Pacific Secondary School community.
